FIFTY THOUSAND PERSONS DIE ANNU-ALLY in England of Consumption. In the New Eng-land States, the proportion is one in four or five. In Boston, probably one in four. In the city of New York,

land States, the proportion is one in four or five. In Boston, probably one in four. In the city of New York, sixty-seven died in two weeks in December of this disease. It is less prevalent in the more Northern latitudes, as Russia, Canada, and among the Alps of Switzerland, where the Winters are long and severe, and there are fewer sudden changes.

No theory can be more weicome to the human mind than the one which establishes on good grounds the hope for prolonged existence; if the allegations of those who are at least entitled to veracity may be believed, there is a preventive and a remedy.

The great Author of Nature has provided us with a remedy for Consumption, and the diseases leading thereto, which are so fearfully common in our country. Has He left us to find relief from that fatal scourge by ransacking other lands? No—the best, Nature's own Remedy, is at our hand. The Wild Cherry and the Pine furnish us with a cure, where a cure is possible.

One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, is DR. WISTAR'S BALSAM OF WILD CHERRY, which has been before the public some years. This valuable medicine was first discovered and introduced in the year 1838, since which time its success has constantly increased the demand, until it has become one of, if not the most popular remedy for Consumption, in its incipient stage, ever known.

## Worcester's Pianos!

NOTICES OF THE PRESS. THE New York Commercial Advertiser, in describ-

hus speaks :
"We are told that the builder of the house, Cortland "We are told that the builder of the house, Cortland Palmer, Esq., has aimed to have the best furnished hotel in New York. That would demand great skill and taste, as others have conceived, and, so tar as possible, carried out the same purpose. But we may safely say, that the Union Piace Hotel has one of the most elegant and best-toned Pianos we have yet seen or heard. It is one of Worcester's. Technically it is 'finished throughout'—that is, the back, as well as the front and ends, are finished, and with equal elegance and care.—The tone is perfectly pure, deep, and soft as the tone can be. Compass and sweetness are most happily combined; and it justly excites the admiration alike of amateurs and professed artists. In its construction Mr. Worcester has evidently sought to excel even himself, and has designed that this Piano should speak of his great skill to all visitors at the hotel."

[From the New York Evening Mirror.]

"WORCESTER'S PIANOS—We were admiring, a few days since, a very magnificent looking Piano Forte, in the elegant drawing-room of the Union Place Hotel, when, upon an examination of its interior, we were pleased to find that it came from the manufactory of our friend Worcester, of 137, Third Avenue. Mr. Wheeler, the proprietor of the hotel, informed us, that, in the last ten years, he had bought as many as a dozen Plano Fortes of Mr. Worcester, for himself and friends, and that all had given the most perfect satisfaction. We have often said, and we take pleasure in repeating the truth, that Mr. Worcester's instruments are made upon honor, and are equal to any in the world."

world."

I am constantly supplied with a full assortment of Worcester's choice Pianos, selected expressly for my es-tablishment, to which I invite the attention of profesment, to which a fivite the attention of protes-nateurs and the public. My prices and terms found as liberal and as fair as can be obtained in the Northern cities. A. MORRIS, blisher and Bookseller, late Drinker & Morris.

VALMARLE REAL ESTATE AT PRIL

VALUABLE REAL ESTATE AT PRI-VATE SALE.

A S Agent for Joseph F. Montgomery, with full authority to sell, I hereby offer, privately, his valuable Lands, situated on Rockfish river, in Nelsen county. This property has been in market for the last two This property has been in marke? for the last two years, as is known to many, and this circumstance may induce some to suppose, either that the land is no desirable, or that it has been held at too high a price.—
Neither of these suppositions, however, is correct.—
This Estate is, in truth, I hesitate not to assert, one o planting, farming or grazing purposes; and although a fair price has heretofore been insisted on, a great bar-gain may now be had, the owner being determined to self, at whatever price his property will command, when

wholly free from overflow.

The highland, generally, is of excellent quality, and lies favorably for cultivation—about three hundred and fifty acres being already cleared. The wood and is as well timbered as any land in Virgin'a, there being upon it an abundance of white cak, Spanish oak, poptor, hickory, chesnut, locust and wainut. The whole estate is unusually well watered, and the situation is remarkably healthy.

This property lies within twenty two miles of Howardsville, on the James River Canal, to which place an excellent road is nearly completed, and its distance from the contemplated route of the Louisa Raitroad, at the Eastern base of the Bine Ridge, is only about 12 miles.

The place will be sold in one tract, or a will be divided into two or three tracts, as may be preferred by purchasers, each with sufficient improvements, and with a due amount of cleared and wood and, and a good supply of water. The main dwelling, situated pretty centrally on the estate, is an excellent brick building, handsomely situated, with necessary out-houses.

A fourth of the purchase money will be required in hand, and the balance in three equal annual instalments, without interest.

Possession will be given at any time, though farming operations will be carried on until a sale be effected.

My address is Greenfield, Nelson county, Virginia, near which place I reside.

I would respectfully invite all who may be disposed to buy to give me an early call, my purpose being to make sale as soon as practicable.
